Ing caused by an aggressive article in Le Matin, the organ of the French government, which included very bitter expressions in regard to the German position in Morocco. There is arbitrage selling for London account here in Union Pacific, Steels, Southern Pacific, and St. Paul. The total selling in the first hour amounted to 20,000 shares.

C. B. McDonald, one of the most aggressive room traders, sold stocks openly all around the room, and was said to have given out large selling orders to other brokers. The break in wheat helped the decline. It is supposed this further break in May option has forced renewed liquidation of stocks carried by operators concerned in or following the bull pool in wheat.

The Waldorf crowd cabled some heavy selling orders over to London early this morning. The general estimate of London sales here were about 20,000 shares. For the first hour the market yielded quite easily. The West sold actively on the break in wheat.

Government boods unchanged; rail-read bonds lower.
